HEARTS SPEAK - HEARTFUL WORDS OF APPRECIATION AND IMPACT

"I have known Roshani Shenazz since 2012 and seen her grow through Beloved Meher Baba's Grace. Roshani brings a rare and essential integration of spiritual depth and practical wisdom into corporate and educational environments with her own life experiences serving as wisdom. Her work moves beyond motivation, addressing the inner architecture from which purpose, leadership, clarity, values, learning, and ethical decision-making emerge. Anchored in authentic spiritual wellbeing and healing, her workshops, seminars, and keynotes are delivered with sharp focus and relevance, making them accessible and impactful for leaders, educators, and professionals. I have been a Special Guest on two such Online Workshops that she has conducted. What distinguishes Roshani is that her work is anchored in authentic spiritual wellbeing and healing, yet expressed in a language that leaders, educators, and institutions can practically engage with. Roshani creates spaces for reflection, emotional intelligence, and inner alignment by creating spaces without dogma, and allowing participants to engage meaningfully and responsibly thereby making it a stabilizing force for individuals and, by extension, for society itself. In a time when corporates need conscious leadership and educational institutions are shaping both minds and character, her work supports these critical pillars by fostering balance, resilience, empathy, and purposeful actions. Her presence is steady, her insights grounded, and her impact enduring. Roshani Shenazz serves as a catalyst for conscious evolution, helping individuals and institutions reconnect with the inner values that sustain wellbeing, integrity, and long-term societal progress. My Blessings are always with her. JAI BABA." ~ **RUZBEH N. "We had invited Roshani Shenazz for an offsite session for our Sales Team for an insightful Program on Wholeistic Creative Leadership. She helped them bring about a meaningful purpose and value in every interaction in their personal and professional lives. Being from a creative and corporate background, she helped them through various exercises and analogies to have a focused approach to achieving targets and goals, but with a humane, creative touch. Her ability to keep a high-achieving team highly engaged for the entire day and connect to everyone effortlessly and meaningfully at a deeper level speaks volumes about her purpose to bring about a positive change in others' lives. Her sessions were interesting and enlightening and energising, thereby charging everyone with renewed vigour and zeal to conquer not just the targets but achieve self-mastery in their personal and professional lives. We believe that a happier and humane set of employees is what will conquer the hearts of clients and help us to reach greater heights as a company." ~ **LATE MR. Y.S. "I have known Roshani Shenazz since 2015, when we first connected at the Women Achievers Awards by the Young Environmentalists. Since then, I have consistently witnessed her unwavering commitment to elevating lives through her transformative wellness, wellbeing, and spiritual development programs across corporate and educational institutions. Having personally attended some of her workshops and reviewed extensive feedback from our teachers and staff, I can attest to the profound shifts her interventions create. Roshani's leadership extends far beyond facilitation. As the Director for the India Chapter of Unity in Diversity under the Global Dialogue Foundation Australia, she has demonstrated exemplary Conscious Leadership. Her vision led to the initiation, curation, and successful implementation of a remarkable Ambassador Internship Program with students from our HSNC Colleges, including BTTC, National College, MMK, and others. What sets Roshani apart is her dynamic blend of spiritual depth and pragmatic insight. Her keynotes, workshops, seminars, and training programs consistently leave a lasting impact, inspiring individuals toward meaningful, actionable change. Her ability to merge scientific understanding, practical wisdom, and spiritual intelligence is both rare and powerful. Our collaborations through her registered Trust, the Meher Roshani Foundation, have further highlighted her commitment to meticulous execution and her personal involvement at the grassroots level. Every initiative she undertakes is anchored in integrity, compassion, and dedicated service. Her best-selling book Angels Speak is, in itself, a testament to her spiritual mastery. It has been my personal companion—whether for daily guidance or for moments when clarity is needed. Every time I open it, the message is uncannily precise. I have gifted it to many, and I believe it deserves a place on every bedside. I wholeheartedly recommend Roshani Shenazz and her body of work to any corporate, educational institution, or organization seeking to nurture Conscious Leaders and strengthen the wellbeing of their people. We have also witnessed her outstanding contributions as a Masterclass Speaker for Circle of Excellence, as the Author of the bestselling book Angels Speak, and as the Director of the India Chapter of Unity in Diversity under the Global Dialogue Foundation Australia, where she works closely with youth. The powerful feature article on Roshani in LEAD Magazine, highlighting how her Purpose found her, further reflects the depth and authenticity of her journey. Her influence transcends borders, age groups, and professions, touching lives across diverse walks of life. The work that she does is profound; in that it brings the inner and the outer worlds together and gives people direction and guidance on their own quests and journeys and the challenges that we face in a normal lifetime. "On a personal level, my experience with Roshani Shenazz has been enriching. She is always there for me as a comforting voice, helping me attain clarity and emotional balance each time. Her healing sessions have supported me with compassion, insight, and extraordinary intuitive depth. Whether it was energy cleansing for my home and office, or one-on-one spiritual guidance, Roshani created a safe, nurturing space that helped me realign my mind and heart. "Roshani's persona reaches you much before she does. Her emails, texts and words express a deep warmth and affection which is fast dwindling in today's time. She is extremely well read and well versed with Mindfulness and combines it exceptionally with her esoteric knowledge of Angels. That makes her a very unique Author. Being a great follower of Roshani's accurate Angel Messages, when I heard Roshani is writing a book, I could not wait to pick it up as I knew it would be a treasure trove. If you are reading these words, then you must pick this book 'Angel Speak' too as I truly believe the Universe brings treasures into your hands. Simply recognize them." ~ **RAAGESHWARI LOOMBA SWAROOP [SINGER, ACTOR AND MOTIVATIONAL SPEAKER, LONDON - UK]**

"Roshani is a perfect blend of being an evolved soul with spiritual wisdom combined with her brilliant understanding of human behaviour. The sessions conducted by her were found very insightful and, more importantly, rejuvenating and something which we all needed. During the sessions, Roshani helped each of us connect to our core and thereby increased our level of self-awareness, which was the most beautiful part of her sessions. She was able to connect with each and every participant in the most amazing way, which speaks volumes about her people skills. With her intuitiveness and passion for training, she was able to keep people engaged for 12 hours at a stretch which was truly remarkable. Roshani's ability to work on the belief systems of participants and help change those belief systems was again an unparalleled exercise." **(FOR WHOLEISTIC CREATIVE LEADERSHIP - OFFSITE Program JAN 2020) ~ LOLY VADASSERY, CHIEF HUMAN RESOURCES OFFICER, DATAMATICS BUSINESS SOLUTIONS LTD. - INDIA**

"I first met Roshani Shenazz at the Angel Practitioner course being conducted by Charles Virtue and we instantly connected and stayed in touch. I had instinctively felt her genuineness and knew she already is and will become faaaar more connected with the Angelic Realms with practice and grace, and here she is. Apart from being a very dear friend she's also helped me so many times with some really powerful readings, guidance and out of blue, messages coming to her for me. Sorry can't choose between the important episodes that stand out starkly in my connection with Roshani Shenazz, as there is way many of them. So, whenever she has her next book of amazing stories from all of us, I shall mention about the most important four of them because each one of them is close to my heart and has helped me. I can never Thank Sheezu (my loving nick name for her) enough for always being there as a friend and guide. Her presence in my life is priceless!" ~ **MANJARI FADNIS, ACTRESS & SINGER, INDIAN FILM INDUSTRY, MUMBAI - INDIA**

"Firstly, this is an amazing initiative from the management. Kudos to that! Secondly, I would add a few thoughts of mine to elaborate further: 1. Due to the lack of socializing during these covid times, it becomes difficult to pause, analyse and recalibrate thoughts on the journey ahead as it's just the business ahead that takes up most of the mind space and you can't find friends or colleagues to cool off/recalibrate. 2. As most of the experienced people usually know everything there is to know about how to resolve internal dilemmas and we do that quite well for other people, it becomes a struggle to deal with the same situation when it comes to oneself. Even the best cardiac surgeon can't operate on himself! ☺ Keeping these 2 points in mind, these dedicated sessions assist in handling both the points quite well as the purity of intent to help connect with insightful people like Roshani along with their ability to structurally assist & guide through cluttered thoughts is a very powerful proposition."

"Roshani has been my light in the true sense. When in doubt and lowest low. She has always encouraged me, and showed me the path to follow. It took me a long time to believe, in the worthiness of my talent and skills. But her words would always ring in my ears, crushing my fears and insecurities. I am ever so grateful to you Roshani, for believing in me and guiding me on. It is this trust that you showered upon me, that has helped me stand up strong. You have always encouraged me to pursue my passion for photography. You are so accurate when you told me the importance of keeping my paternal surname in my work name when you were guided for the **Name 'NitVA Photography'**. I simply love the name. It's catchy, and so very apt and beautifully blends in with the image I want to portray. Your words have always given me the confidence to move ahead on this path, and in future too, they will always direct me towards my goals. Thank you and God bless always. Meher Baba Ki Jai"  ~ **NITA VARMA AHUJA, PHOTOGRAPHER, MUMBAI - INDIA**

"I carried a quiet emptiness inside me, that I wasn't enough. And I looked outward for validation. But this journey with Roshani over the last ten years and this work of constant reinforcement, affirmations, prayers, this process of slow healing, has changed me. Healing didn't happen in one eureka moment. It came through many tiny moments. A shift in a thought, a release of past hurts, forgiveness, a breath taken with awareness, a boundary honoured. Slowly, I began to trust myself and to belong to myself. Today, I can look back at the version of myself who felt incomplete and wrap her in gratitude. Today, I have it all within me. Today, I feel whole and connected. Roshani has been instrumental in ingraining within me the life lesson of abundance, to not come from a place of lack or fear. The lack that once lived within me has transformed into love, strength, presence and purpose. I do not claim to be perfect. There's still a long way to go. It's a process of constantly peeling off layers. But today, I am here. I am enough. And I am free." ~ **DEEPA ADNANI, AUTHOR & ENTREPRENEUR - DUBAI**

"Dear Roshani, your messages on social media (What's App, YouTube) have helped me bring in divine intervention several times. Faith has replaced fear and I have garnered health benefits, protection and found things I believed would never be found. Stay blessed! Thanks a million!" ~ **SUDHA PRAKASH, CONSULTANT, HYDERABAD - INDIA**

"Thank you, dear God, for giving me such a lovely soul and a blessed healer and spiritual teacher Roshani Shenazz. I met her when I needed her the most, it's almost more than a year now, and here I am better each day with a great job, health & calmness. I have no words to *share* about my healing sessions, a person like me with no patience became the one with patience & trust in the Divine flow. She healed me to a large extent and the last leg of healing is still on. Her healings for me are not just physical but emotional & spiritual as well and this journey is marvellous. I have experienced many a thing during my sessions & each session I feel more channels within me opening up. One must visit & meet my healer for all above and more, and experience it by themselves. All I can say is she is a very soft, clear, and kind person and "SHIFA" is in her hands, she is my healer, guide, my DOCTOR... I pray to God for my darling healer, my guide Shenazz and her family to shower his blessings, love happiness, light and everything she ever needs in her life, be blessed always. "Roshani is a "Living Earthly Angel" to me. She is a person from whom you will get all the answers. She is like a divine guru and guide for all of us. I am happy that I followed my intuition and attended "Empowerment with Divinity and Angels Soul Therapy Practitioner ~ Level 1" workshop. The experience I had over the two-day workshop is difficult to describe in words, all I can say is, it is truly magical! You need to try it to believe it! Actually, it is not a workshop but a Divine transformation program which was very well directed by Roshani. Roshani has completely changed my life; my outlook towards life has changed. I started enjoying the life and now I am able to come out of a problem more systematically. Angel Healing is a very powerful and fantastic tool and something that can be equally beneficial not only for self but also for others. I consider myself extremely blessed that Angel Healing came into my life, and who would have been a better teacher than Roshani. Roshani is extremely practical in her approach towards teaching, implementation and practice of Angel Healing in our day-to-day life. I would like to express my sincere gratitude to Roshani for enlightening me on Angel Healing and sharing all the spiritual tools which are absolutely unique. Roshani is a Star. My best wishes and lots of Meher Baba love to her. Thank you again, Love and Light." ~ **PRAVIN SHARMA, SERVICE, MUMBAI – INDIA**

"The daily nuggets of angelic messages have become a beautiful part of my day and are like my daily spiritual tonic. Without fail, I do make it a point to listen to what the angels have to say. They know best and They guide us best. No one on the earthy plane, no matter how well, he or she means to, can ever guide us the way the angels do. I am grateful to my beacon of light, Roshani for showing me the way, each and every day. Initially, I admit I was sceptical. I always thought angels give guidance to a particular person with regards to a particular situation via the cards. However, as I saw the videos daily, time and again, I felt Their message resonating with my life. We need to be open to receive guidance and rest assured, they will deliver it to us. Whether we implement and work sincerely move towards doing as guided is our responsibility. There is no use of buying a medicine and not taking it and so like everything else in life here too we need to do our bit to see the magic unfold. I thank Roshani for being the light and helping me free myself of the burden of unserving thoughts I carried with me. Thank you, Roshani, for giving me an opportunity to rediscover my own hidden potential and positive aspects and talents within me. Thank you for all these wonderful Angelic sessions. Thanks to you, we enjoy a slice of heaven right on earth." ~ **RASHMI UCHIL, TRAINER, AUTHOR AND CONTENT DEVELOPER, MUMBAI – INDIA**

"Roshani means light and you are Baba's light indeed. Your love and guidance are helping me to walk on the righteous path. I am indeed fortunate and grateful to you for having made me a part of the Baba and Angel family. I know deep down in my heart that physical distance does not matter. Your words shine bright in my soul. I love your smile and the warmth in your twinkling eyes. I would like to add that I was hooked on to antibiotics due to chronic migraine and severe menstrual cramps. Since the Angel workshop with you in August 2013, over 2 years ago, I have not taken any antibiotic, not even for a cough or cold. Something magical happened that day! Also, after the post-workshop cleansing, when I had the severe jaw infection, it was the affirmations and the prayers that you shared with me which healed me completely. The affirmations and prayers you share help me each day. Heartfelt gratitude to you, Roshani and lots of love and blessings forever." ~ **PREETI MINOCHA, FRENCH TRANSLATOR, BANGALORE – INDIA**

"The affirmations, daily messages and Roshani's loving guidance are helping me hold myself upright and collected through several seeming issues of the mind, body and spirit ailing all of us in my Family. This has helped us to weather the storms and be in acceptance and exercise optimism. As Roshani says, spirituality may not stop the rain but can give you an umbrella to protect yourself from the rain or give you the strength to even enjoy it. Angels guide us all the time through various signs, one has to only be able to recognize, have faith and connect. The synchronicity of the messages coming from various avenues leaves me in awe and immense gratitude. Love you Angel Roshani, for your selfless efforts, for touching our souls, empowering us and letting us share the magic. May you touch more and more lives. "I am blessed to have Roshani as my guide and mentor. Divinity brought me to her when I was going through the toughest phase of my life. Like an angel she has held my hand ever since then. Her guided messages and affirmations have helped me regain my willpower and the fighting spirit. It is also helping discover the 'real' me and to grow spiritually. The Messages come in as the guided tools reaffirming and reassuring the directions every time I go astray. The affirmations and angelic messages boost the confidence to take the challenges head on. The beauty of the whole affair is that the real aim of our Roshani is to make us self-sufficient, self-reliant and self-independent. Her guidance through messages and affirmations encourages an individual to walk on the Path and explore it for self. Her all-time statement "not to use her as a crutch but to experience it to believe it" strengthens the urge to move further ahead. I am but ever indebted and in gratitude to Roshani for being there always." ~ **ANITA CHAWLA, SERVICE, MUMBAI – INDIA**

"I have been associated with 'Sparkling Angels' Roshani Shenazz since 2012! Last 3 years my empowering journey with various workshops were amazing and enriching! Her monthly gatherings and daily YouTube messages serve as daily Tonics in my life! I start my day with her calendar weekly affirmations and prayers. Tools that are easy ways to use in our daily life are given in the Angel Soul Therapy Workshop Manual which is like my Bible. I take it to work and in free time just surf it and implement it! Yes, the three years journey has been beautiful and I have transcended seeming health and relationship issues of my life. I have learnt and still learning patience, flexibility, waiting for Divine timing and have become more lovable, and a compassionate human being. Roshani has always been there to guide, and uplift us at all times, through our group mentoring, Monthly Meditations, and all the workshops I have done with her. The Angels Messages and Affirmations have helped me to maintain equilibrium in my daily life. It helped me to live a better life, and practically incorporate the principles. Once I started changing my actions, thought processes, and beliefs, miracles started happening. I gave birth to a new 'me.' My heartfelt blessings and gratitude to Roshani. She is a Sparkling Angel in my life which sparkled the life of my family and me." **(2019) ~ BINOXY PARAKH, TEACHER TRAINER, MUMBAI - INDIA**

"Dear Roshani, thank you ever so much for your constant and generous sharing of divine messages which I have found to be profoundly meaningful and life-altering. When I came to you for a reading I was considering making some important choices in my life particularly with regards to my work, for all the wrong reasons. You were able to pinpoint what was guiding my choices and asked me to remove that energy and replace it with love and I was able to make some wonderful life altering choices thanks to the messages you channelled for me. I am eternally grateful to you for this and for your continuous love and support. Most of my friends and family members whom I have referred to you also feel blessed for your loving guidance. I am very grateful to you for making me believe in my own ability to receive these messages and trusting them. I feel increasingly blessed and stronger day by day knowing that there is such a loving, caring spiritual presence around all the time. I pray that others too may experience this. Lots of love." ~ **PARVEEZ CHINOY, PSYCHOLOGICAL COUNSELOR, HYDERABAD - INDIA**

“These words are a small way of showing you my gratitude and appreciation for the way in which you have transformed my way of living life. My family was undergoing a seeming major financial crisis for the last few years. The tensions and frustration had led me to become highly judgmental and critical in my view of others. I also was very edgy and ready to snap and lose my temper at the smallest of things. Thanks to you, your workshops, sessions and follow up prayers I found myself a changed person. I am much calmer now, non-judgmental and the home atmosphere became so much more supportive and positive even though the seeming phase is yet to be transcended completely. I am much calmer and I have found the gift of forgiving and letting go, thanks to you. I am also glad that I have sent my husband for your workshops as I find a great deal of positive changes in him too. Here's looking forward to many more rewarding and insightful interactions with you.” ~ **FEROZIE WADIA, ENTREPRENEUR AND HOMEMAKER, MUMBAI – INDIA**

“I don't think I can thank you enough Roshani for walking into my life. But a big Thank You to GOD for making me a part of your circle and making you an integral part of my being. Much gratitude to you for being there for me and holding my hand. You came through for me when I thought I will lose my mother, when she was in coma, but didn't; you helped me come through when I wasn't sure if I ever will be blessed with a child; but I did after our sessions. You came to my rescue as a GOD sent Angel when I didn't know if after delivering a child, I will be able to mother her for long but I did and she's a grown-up little young girl now. How can I ever thank God for working through you for my mother and my daughter. Roshani all I know is you came to my life by a seeming accident, stuck around for a reason and now I am not letting go of you! You got Baba to me. Thank YOU, Meher Baba, for coming to me through your Roshani. Thank You Baba for my angel daughter YOANAA! Angels exist! And I experience that every day.” ~ **POOJA BEHL, FULL TIME MOM OF AN ANGEL, MUMBAI - INDIA**

“I want to thank you for all the incredible work you do. In the hum drum of this life when we don't have time for ourselves, you are always guiding other people around their own abundant paths. I remember asking you whether to go for a particular surgery or not, and your message that I don't need to, got me thinking that how could this be possible. However, I realized this later when all my symptoms began to disappear and till date I am doing fine without that surgery, which all the doctors were telling me to go through. Heartfelt gratitude for responding on time and immense gratitude for my new found connection with the Angelic realms and Archangels. Keep shining your light upon the world just like you do.” ~ **SHILPAA SHARMAA, WRITER /DIRECTOR, MUMBAI – INDIA**

“Roshani - her name says it all. She's always a source of light to anyone who comes in contact with her. She does so much to help us realize our divinity be it through the beautiful calendars or the daily YouTube messages. What helps me the most are the Facebook messages and messages on the What's App groups. Though I'm not very active on FB, when I see the messages, they are perfectly apt and are truly angelic messages. From the time I met her, my outlook towards life has changed so much and so has my spirituality. She is a beautiful gift from above to all of us who have the privilege of knowing her. I will be eternally grateful to her, especially as she introduced me to my Beloved Meher Baba. Love you always Roshani. Thank you.” ~ **PRIYANKA PEREIRA, MUMBAI – INDIA**

"I think the best way to describe how I feel after watching Roshani's Angelic messages videos or reading the affirmations is 'gratitude'. And that itself instils a good sense of positivity. My belief in the saying - 'there are no coincidences but only divine timing' keeps growing as the appropriate affirmations and messages almost show up when I'm seeking a positive thought in relation to a similar topic. For those who are over analytical and cynical, and even the non-believers, you don't have to believe in any form of divinity to understand and resonate with these messages; just look at them as positive 'reinforcers' - it still feels motivating. Thank you, Roshani, for all the hard work you put in to spread so much positivity, love and light." ~ **TEJASVI BHALLA, STUDENT, ONTARIO - CANADA**

I am Suzanne from NYC, married to an Indian and I'd like to share my lovely angel intervention experiences, via my own sparkling angel Roshani Shenazz who I've been taking guidance from since sometime. One morning, Roshani Shenazz sent me a message, asking me to take extra care of my gold. I am a person who is not very fond of collecting or wearing much gold but yet, Roshani's warning definitely shook me up and I locked away even the remaining small amount of gold I had with me. Roughly about 10 days after the first message regarding the gold; Gold actually came my way, when my husband returned from a Business trip to UAE. There he picked up a set of beautiful gold bracelets for me. I was shocked. This was the first time my husband had bought something that expensive for me. It was just the Angels way of informing me about my windfall :)) and to take care of it. With several such messages through my readings & otherwise, I now await to hear if Shenazz has more messages for me. ~ **SUZANNE BERTH, BANGALORE - INDIA**

"I happened to attend Roshani's workshop, by a casual mention of her by a friend. She is truly the artist who consistently advises us to choose the colours of our lives wisely and seek new ways to solve our problems. Her emphasis on spiritual laws not only opened several paths but also taught us on how to transform our life with prayers and affirmations which are easy to remember and to believe in ourselves. She emphasizes our thoughts should always be pure and positive to dissolve a problem. I am truly blessed to have met Roshani, the beacon of light empowering many souls and helping me to rediscover myself. Thank you, Roshani, for your unconditional, love, guidance and support." ~ **EMELIN KELLY, ENTREPRENEUR - INBOUND TRAVELS, MUMBAI - INDIA**

"My BreakTrue Mentoring sessions with Roshani were quite insightful and supported me in healing aspects of life where I was feeling a bit stuck. The sessions allowed me to trust and surrender to the Higher Power which created much peace." ~ **USHA L, MANAGING DIRECTOR - INDIA**

"No words can describe how much Roshani Shenazz has helped me through her divine gifts. It has saved me. It was my bastion of hope and steadfast friendship in troubled times. It protected me. It brought my attention to the importance of 'awareness'. Angels guided me to write words and communicate in ways that ensured everyone involved was protected. Angels made me realize that I in my purest essence am Divine and there is NOTHING to fear. Angels taught me that others are nothing but a reflection of me, and thus made me see the good in everyone. And Angels have helped me help others, as well. Now I know that anytime I call on my Angels I am protected. ~ **TESSY - SINGAPORE**

"Honestly, don't know where to start. My first experience with Roshani was when I placed a call to her when I was in distress. Listening to her soothing voice took most of my stress away. Then after, Roshani has guided us many a times in our hour of need. We are fortunate that we have a guide like her who also did our Angel readings and healing sessions. It helped us to take several decisions which were essential for our lives. With guidance and healing sent to us in abundance, we are on our path now. We will always turn to Roshani as she has been an 'Earth Angel' to us. Not only is she loving and clear on what path we should choose, but she never ever forces us to do things if we don't want to. Thanks a million Roshani for being our guiding light and welcoming us with open arms. Blessed to have met you!" ~ **SAMIDHA PARKHI, HOMEMAKER, – SINGAPORE**

"Roshani, as her name suggests, has been a shining beam of divine light that entered my life three years ago. She has been a light of divine wisdom, love, warmth and compassion. It's my belief that Sai Baba magically guided our meeting, in response to my prayers for guidance. Ever since, it's been a beautiful and angelic journey under her capable and loving wings. Her enriching monthly meditations, personal healing sessions, and the Angelic workshop have all shaped the beauty and essence of my soul. I was alien to concepts of surrender, self-respect, forgiveness and self-love until she infused their meaning into my life. Thank you, Roshani, for introducing me to the beautiful world of Meher Baba and the Angels. I always count you in my blessings. Keep shining and spreading your light. Love and Light. ~ **BHAVNA RANGNANI, KINDERGARTEN/YOGA TEACHER, ECOLE MONDIALE WORLD SCHOOL, MUMBAI – INDIA**

"Dear Angel Roshani, I had experienced the benefits of affirmations sent to me even before personally meeting you. However, it was in 2014 when my daughter and I met you for Angels Soul Therapy Practitioner workshop - Level I. Subsequently, we did the next 2 levels. After the workshop, lots changed within me. The hurdles in my career miraculously began disappearing. The personal Soul Guidance Reading helped me make several decisions and grow spiritually. Your guidance through this reading was accurate. The guidance and meditation sessions over the last decade have tremendously improved my life, making it purposeful. I am indebted to you, and I cannot thank you enough for all that you have done for me. I am so grateful to have you as a guiding light in my life. Thanks a lot." ~ **JAYA PAWAR, PROFESSOR - MUMBAI – INDIA**

"Thanks for the wonderful session. My personal view is that many times, we know where to go or where do we lag or what to do, but unless supported or seconded by someone, we find ourselves a bit hesitant on taking next foot ahead. This session has provided the required thrust to move ahead. Would like to thank you again for arranging this." ~ **CORPORATE EMPLOYEE WELLBEING**

"Thank you so much, would like to appreciate management for this initiative as it is important to have a balanced mental health specially in the WFH scenario where most of the people lack socializing. She really has a very positive vibe which she ensures to share with people she interacts. She is blessed and guides very well." ~ **CORPORATE EMPLOYEE WELLBEING RETAINERSHIP FEEDBACK**

"Roshani taps you at the emotional level instead of the physical level. She senses the root cause of pain, manifesting in the physical body. Her divine innate gifts help her to exactly figure out what the issue is. I would encourage more colleagues to make use of this brilliant initiative the company has taken and be guided by Roshani's help. I know her for several years and have sent many friends to her who have only blessed and thanked me for putting them onto to her." ~ **CORPORATE EMPLOYEE WELLBEING RETAINERSHIP & WORKSHOP FEEDBACK**

"Roshani made me feel as though it's just not my first conversation with her. I could speak my heart out to her which I had suppressed for a very long time. I could share everything with her be it professional or personal. I only wish I could get more time to talk to her. But will take more sessions in her future weekly rounds. Have requested her to help me in certain areas of my life... Like how to be emotionally strong? How to heal inner wounds? I thank my company and everyone involved in providing these sessions to all of us employees." ~ **CORPORATE EMPLOYEE WELLBEING RETAINERSHIP FEEDBACK**

"Dear Roshani Shenazz, I am so grateful to you for all of your effort and huge contribution to my well-being! Your spiritual wisdom, healing techniques through EFT, Affirmations, Chakra Cleansing, Leadership Mentoring, understanding and enhancing of my SQ and EQ etc., have helped me with great resilience to overcome fears, negativity, and anxiety of deadlines, tapping the goodness of under-performing teammates and much more. All these negating beliefs to life were telling me that I needed love and acceptance. Now, it has been a joy to be able to love myself. Because of your teachings and healing over the last 12 months, my life is fuller, loving, peaceful and meaningful. I practice these techniques when I feel slipping back into old negative thought forms. I feel a much more secured and confident man. I have noticed the change and so have friends, family and colleagues. Roshani Shenazz, you are a precious gift to me and the World!" - **(FOR ONE YEAR SPIRITUAL CONSCIOUS LEADERSHIP MENTORING SESSIONS) ~ HEMANG MEHTA, CEO, - INDIA**

"We are extremely grateful for the sessions conducted for me and my family by Roshni maa. The entire experience was handled with great sensitivity, compassion, and depth. Each session created a safe and comforting space where I was able to openly reflect, release emotional burdens, and gain much-needed clarity. The guidance helped me understand long-standing patterns, strengthen emotional connections, and restore a sense of balance and harmony within the family. Over time, I noticed a positive shift in my mindset, interactions, and overall emotional well-being. The home directions cleansing session was equally powerful and transformative. After the cleansing, the energy of our home felt noticeably lighter, calmer, and more peaceful. There was a sense of positivity, alignment, and stability that could be felt throughout the space. This change naturally reflected in our daily lives, bringing calmness, better communication, and a deeper sense of comfort at home. Overall, the experience was deeply heartening and meaningful. It has had a lasting positive impact on both our family dynamics and our living environment, and we are truly thankful for the care, insight, and healing provided through these sessions." ~ **NANDITA JOSHI, VICE-PRESIDENT - ACCOUNTS & FINANCE, WHISTLING WOODS INTERNATIONAL, MUMBAI - INDIA**

"I just wanted to say thank you to Roshani Shenazz for a wonderful, spot-on reading. I try SO hard to be positive all the time, my husband laughs at me as that's my motto - "Be positive, good things will happen" Everything she said makes sense and is related to what's going on in my life now. I do talk to my angels and I do believe in fairies, I always say when the time is right things will happen, even if you have to wait a while, you just have to believe!! Thank you SO much xxx Do NOT hesitate to go to Roshani for a reading as she really was spot on. ❤️ ~ **JANE CANTY - FRANCE**

"Anything good in my life today, is only and only because of Roshani Shenazz and her introducing me to the positive world of the Angels and Meher Baba, the Divine Creator! I started living life only after her patient teachings that opened my eyes and transformed me to a new person today! All what she says has proved to be right at all stages of my life, with immense efforts involved in sharing the right examples in line with my situation. I was a very slow learner, but from the first day I met her I knew all that she is telling me everything is unfolding to be true, but it was my soul which was deep down in muck that was resistant to change. Her ongoing positivity shouldered me to take small steps and after two years I have begun to transform. All the words she used in the start like "realizing your fullest potential," "becoming aware" "attracting abundance" and many more now make sense when I started actually following from within. Earlier it appeared like a fallacy for a stubborn person like me to attain but hats off to her for not losing hope in me and bringing me to achieve these experiences. Initially it was her Angel reading and healing sessions, but eventually as I witnessed a steady growth and I took the personal "Break-Down to Break-True" sessions with Roshani and that proved to be the biggest turning point. I very well know that I still have a long journey to continue transforming, as learning never ends however I am grateful to her to help me even reach this point. Today I am very sure of reaching my fullest potential in all aspects and even getting better with each passing phase of my life because my faith in her is as much the faith she has instilled in me for God and Angels. I cannot repay what Roshani has done for me but if I smile today, if I live today, if I get anything good today it's only because of her direction, guidance and untiring efforts! I thank you once again and will consider myself lucky if I can make any small difference to your life or be of assistance at any point. Love you unimaginably!" ~ **MALLIKA SHARMA, MARKETING & EVENTS SPECIALIST, DUBAI - UAE**

"I have learnt to respond to people and situations differently and not react to provocative people and circumstances. Roshani's sessions have made me realise that all illnesses are created by us - with our thoughts and feelings and emotions, and hence, healing oneself most naturally is by cleansing our own thoughts, beliefs and emotions and being positive and grateful. I am in Gratitude for every little thing in my life, which has made me positively change my perspective towards people and situations and events which bothered me earlier. Thank you, Roshani, for spreading your light to people around you." 🙏 ~ **DILSHAD TAVADIA, SENIOR LAWYER, MUMBAI - INDIA**

"It is priceless to feel lighter and energised. Both my sessions with Roshani have had this tremendous effect on me. After our first emotional vacuuming session, I felt cleansed. I felt guided and felt a tremendous positive energy. Our cord cutting session was more intense. It was Divine. I immediately felt free and liberated. I could experience release instantly. When I witnessed my higher-self I was overjoyed. It was a spiritual breakthrough. As psychologists we go through a lot ourselves that goes unnoticed as we are constantly involved in the trauma of so many lives. Roshani your session has given me a burdenless image of myself which will stay with me forever. I now know the best practices for me to remain aligned and detached even while diving into different lives daily. One of my session highlights was when my happy, joyous and wonderfully vibrant higher self walks towards me to give me the most overwhelming embrace. What else can I say? I can draw from this union for eternity!!!!" Warmest regards." - **DR. IYER, ORGANISATIONAL PSYCHOLOGIST / EXECUTIVE COACH - INDIA (NAME CHANGED FOR PRIVACY)**

LOVING WORDS FROM INDUSTRY MENTORS, FRIENDS AND ASSOCIATES FROM MY WALK OF LIFE

We are happy to share some admiring words from prominent personalities from different walks of life, who have known Roshani Shenazz, along the years, right from her Media and Film years. Some of these were shared in 2014 when she was the Recipient of the coveted UN iCONGO REX Global Fellowship and Karmaveer Chakra, later during her other Awards, and for her best-selling Book Angels Speak that released in January/February 2016.

"I have known Shenazz since she joined me in the Film Industry in 1996 and have always found her to be most hardworking and enthusiastic in whatever she chooses to do. There has always been this sense of giving and generosity about her personality and I am extremely proud to hear that she has been awarded with the Karmaveer Global Fellowship and Chakra. Her work in helping others through spiritual empowerment and healing is praiseworthy and I am happy to hear she has been recognised for her work." ~ **SUBHASH GHAI [DIRECTOR, PRODUCER, EDUCATIONIST AND ROSHANI SHENAZZ'S MENTOR IN THE FILM INDUSTRY SINCE 1996 WITH THE FILM PARDES]**

"I am so happy and proud to know that my little "dynamo" dancer as I used to call her, who I know since 1991, has not only excelled in her Media Career of 23 years but went on to serve her larger calling by serving people and society through her Spiritual guidance, healing and empowerment. And hearing that she's won the REX Karmaveer Global Fellowship and Chakra Award just makes my heart expand with more joy. I personally know of her Spiritual work and pray may God give her more strength to serve Humanity and Creation." ~ **SHIAMAK DAVAR [CHOREOGRAPHER]**

"Roshani (Shenazz Nadirshah) is part of a rare breed that blossoms and thrives by providing selfless service with no thought of returns. She is a nurturer who empowers and strengthens those around her. In the years that I have known her she has grown from strength to strength in her knowledge, humility and wisdom. Like steel, she is smooth, cool and beautiful on the outside yet incredibly strong and non-corrosive inside. To know her is to have selflessness. Her selfless service is just the tip of the iceberg; there is so much more to her than is visible at first glance. Like Angelina Jolie and Oprah Winfrey Roshani too understands, that one can exist harmoniously in several worlds at the same time. She shows us that glamour and sacrifice are not mutually exclusive. One can live in the heart of glamour while staying spiritual at heart. Thank you for your tireless work towards making our world a better place." ~ **CAPTAIN VINOD SHANKAR NAIR [AUTHOR – "PRIDE OF LIONS"] – CANADA/INDIA**

"The beautiful and powerful messages and affirmations have truly helped and guided me towards my evolution as a soul, the blessed messages from our dearest Roshani Shenazz have empowered and given me the strength and courage, hope and optimism to cope beautifully with the karmic process. We knew each other since many years of our media life together but never connected at this level. I am truly grateful for her presence in my life you are my guide, friend, teacher and beacon of light that has uplifted me. Thank you, dearest Roshani, I am in complete and deep gratitude for the same. You are my earth angel and I am so blessed to have you. Loads of love, gratitude and light to you." ~ **MANINEE DE MISHRA, ACTOR, ANCHOR, PSYCHOTHERAPIST, HYPNOTHERAPIST & SEEKER, MUMBAI – INDIA**

"I knew Roshani Shenazz as somebody who was a part of the film and television industry. But we had never spoken much. Till one day we met at a common friend's party and got talking about Meher Baba and her Angel readings. I've known about Meher Baba since 1997 and He came into my life quite by chance and miraculously! Yet I'd never been to Meherabad. It was Shenazz who was to take me there for the 1st time and the 2nd time too :) So thank you Shenazz for that and your insightful Angel readings and daily affirmations through the YouTube channel; may they keep providing everyone with love and light always. Jai Baba." ~ **MANASI JOSHI ROY, [ACTOR/ PRODUCER/ BLOGGER, MUMBAI – INDIA]**

"I know Roshani Shenazz since her very early Media days, from 1992- 93. Ever since I have met her again after many years and reconnected with her after she moved onto her Spiritual Journey, her messages assist me almost on a daily basis and have become my go-to whenever I am struggling with a seeming issue, and miraculously a perfect answer emerges from the Angels for my question. I feel blessed, protected, loved and divinely guided because of Them." ~ **GURSHEEL WALIA, MEDIA PROFESSIONAL, MUMBAI – INDIA**
